

## CLASS OF 1919 HOLDS BANQUET

Seniors of Augustana College Have  
Annual Dinner at the Rock  
Island Club.

DR. BARTHOLOMEW SPEAKER

Guardian Is Present as Honored  
Guest and President Fitz-  
patrick Is Toastmaster.

Seniors of the collegiate department of Augustana college started their fourth annual banquet at the Rock Island club last night. A three course dinner was served. The affair was of a formal nature, being the only official banquet of the candidates for graduation. Covers were set for 35.

Dr. E. F. Bartholomew, vice president of the college and guardian of the class, was present as honorary guest. The program consisted of songs and vocal numbers, James F. Fitzpatrick, president of the class, acting as toastmaster.

Wilbur Palmquist responded to the toast, "Let Us Forget." He recounted pleasant memories of each of the different classmates and created laughter by the comical experiences which he ascribed to them. He also presented statistics in the history of the class of 1919. A total of 64 began the race for graduation, he said, in the fall of 1915, and but 19 of that number were coming under the wire at graduation, the majority of the other members having enlisted in the service of their country and are now with the army of occupation. Gertrude Jacobson won applause with a solo.

Hamline Mattson responded to the toast "Looking Ahead," by prophesying as to the positions in life which the members of the class will hold 10 years hence. He pictured a trip back to Augustana at such a time and called to mind the strange things to be seen.

Guardian Speaks.

Dr. E. F. Bartholomew closed the program with a short address. He reminded the class members that they were about to leave school life and go out into the real action of life and urged them to strive not so much for perfection as for the "real life." There was no such a thing as perfection, he reminded the graduates to be, but rather constant growth was the goal and aim of a full life.

The banquet marks the last formal social event of the seniors before graduation ceremonies. Arrangements for the banquet were in charge of a committee composed of Raoul Redstrom, chairman; Misses Margaret C. Anderson, Florence M. Anderson, Hamline Mattson and Max Fritschell, and to them is due credit for the success of the affair.

Tables were trimmed with roses that filled baskets and souvenir booklets were used as place cards.

## SCHRIVER BETTER AND WILL BE OUT IN A SHORT TIME

H. M. Schriver, candidate for mayor at the city election April 15, was reported today as being much improved and would be out in a few days to take over the active management of his campaign. Mr. Schriver has been confined to his home as a result of influenza. His headquarters for the campaign are in the Harper house.

## BRITISH MILITARY SERVICE BILL IS RIDING THROUGH

London, Wednesday, March 26.—The military service bill passed through the report stage without amendment in the house of commons today. The proposal to limit the operation of the bill to Dec. 31, 1919, instead of April 26, 1920, was rejected by a vote of 282 to 70, and another amendment excluding liability to service in Russia from the scope of the bill, was voted down 281 to 48.

In declining to accept this amendment, Winston Spencer Churchill, secretary for war, said the government had no intention of raising a large conscript army to be sent to Russia.

"The general question of the Russian policy," he said, "is not a question for the British government. It is a matter to which a league of nations or a league of victorious nations must address itself."

## FAMO DESTROYS DANDRUFF BACILLI

Science has perfected a wonderful preparation that stops Seborrhea (the medical term for dandruff) by killing the dandruff microbe. Its name is FAMO and it is a product of one of the famous pharmaceutical houses of Detroit.

The ingredients have never been used on the scalp before, but they are well known to physicians. As fast as nature grows new hair the Seborrhea germ kills it off.

Unless you destroy the germ with FAMO, the new hair will grow weaker and weaker and baldness finally will result.

FAMO destroys the dandruff bacilli and makes new, luxuriant hair grow.

FAMO actually retards grayness. It contains no alcohol. It stops all itching of the scalp.

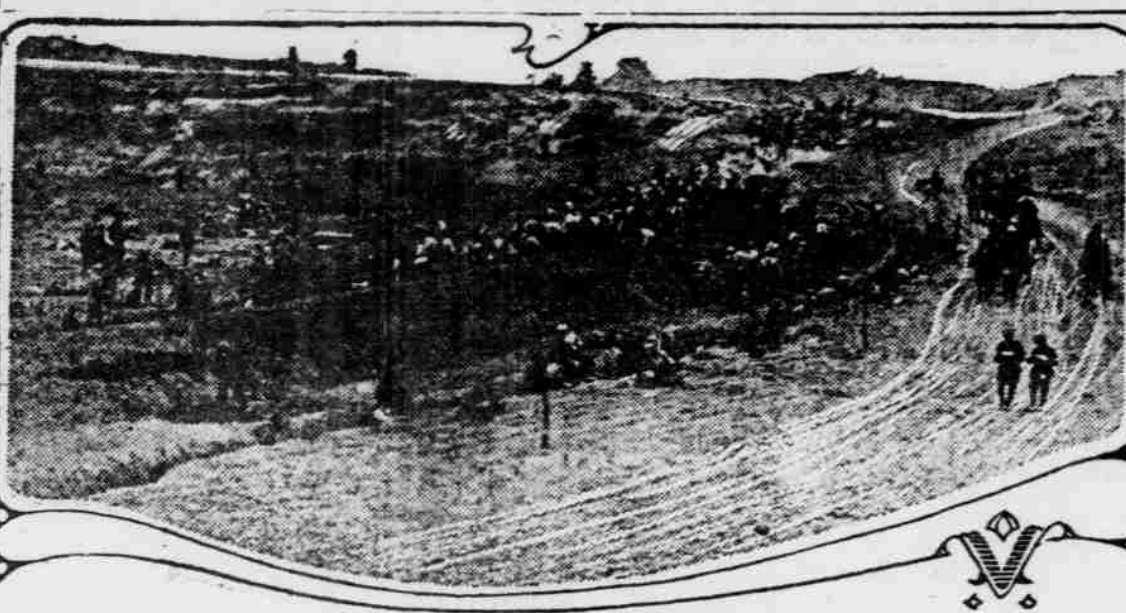

FAMO should be used daily by every member of the family, even by those who have no dandruff. It keeps the hair healthy and beautiful and prevents seborrhea.

FAMO is sold at all toilet goods counters, also applied at the better barber shops. It comes in two sizes—a small size at 35 cents and an extra large bottle for \$1.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrheal secretion forms in scales or flakes and is commonly known as dandruff.

Manufactured by the Famo Co., Detroit. Bengtson's drug store.

## GROUND WHERE ALLIES HALTED FOE LEVELED FOR FARMING

Allied forces filling in trenches and remaking roads in battle zone in Europe. One of the great reconstruction problems facing France, Belgium and the other war-swept countries is that of remaking roads ruined by war traffic and enemy shells and leveling the land torn up for trenches and by exploding mines and shells. This work is now under way in full swing.

## ABE SNOOKUM IS TO BE TRIED IN COURT ON FRIDAY

Grave doubts are being entertained by the students of Augustana college as to whether the defense will be able to exonerate Adanah Hardstoezer and Abraham Snookum of a serious charge at the mock trial to be given in the Augustana gymnasium tomorrow night at 8 o'clock. Details have been worked out by attorneys for defense, prosecution and witnesses and the event is creating intense interest among the student body.

The trial is the first of a series of numbers to be offered by the department of public speaking at the college. Tickets have already been sold to practically every member of the student body by means of a canvass made last week. A canvass has also been made of the business districts and provisions are being made for the large number of tri-city people expected.

The mock trial tomorrow night is the first ever presented by the students of Augustana college and one of the few ever given in the tri-cities. The cast of characters is as follows:

Defendants—Adanah Hardstoezer and Abraham Snookum; Prosecution—Leonard Kendall. The cast also includes jurymen, who will be chosen from the student body and also a host of witnesses whose names cannot be divulged because of the expressed fear that the information might benefit either prosecution or defense.

Plaintiff—Professor Snuffstein; Judge—L. M. Sober—Hamlin Mattson.

Prosecuting Attorney—Hesekiah Buttermill—Robert Olmsted. Counsel for Defense—Jehoshaphat Broadhead—Leonard Kendall. The cast also includes jurymen, who will be chosen from the student body and also a host of witnesses whose names cannot be divulged because of the expressed fear that the information might benefit either prosecution or defense.

A specific charge of the case is that the defendants conspired to steal a box of snuff from Professor Snuffstein.

Augustana's representative in the Smith oratorical contest will be chosen at the preliminary contest Saturday night at 8 o'clock. This will be the second number of the forensic series to be offered. A total of seven contestants will try for the honor. Arnold Lau, principal of Rock Island high school; E. S. Keller of the Davenport high school, and Rev. Richard Haney of Moline will act as judges, according to announcement today by Miss Iva Pearce, head of the public speaking department at Augustana. The event draws from the other numbers of the course in that there will be no admission charged. The league of nations will be treated in its different aspects by three of the speakers.

McCabe's Semi-Annual Third Floor Sale, March 27 to April 5, inclusive.

## STAGE POGROM IN ARGENTINE; MANY JEWS ARE KILLED

New York, March 27.—Thousands of Jews were slaughtered in a "pogrom" in Buenos Aires on Jan. 9, according to a statement issued here by the Zionist organization of America, quoting a report it has received from the Argentine capital. According to this report, a "white guard" was organized there following a rumor that strikes in that city were the beginning of a bolshevik revolution incited by the Jews. The report charged that, with the cooperation of the police, the "white guard" raided the Jewish quarters, "killing a number that cannot be estimated because all the bodies were buried in a common grave." Even synagogues were raided on the ground that Maximalists were hidden there.

The Argentine branch of the Zionist organization, the report continued, finally succeeded in getting the police to end the "pogrom" after it had asserted there were no bolsheviks among Argentine Jews.

Cable dispatches received from Buenos Aires during the progress of the riots in that city made no reference to a pogrom and one reported two weeks after the "pogrom" is alleged to have occurred did not mention any slaughter of Jews, but reported that an Israelite delegation had waited on President Irigoyen to protest against "unjust atrocities and inexcusable insults" suffered by them.

Although for more than two years disorder has been rife in the Argentine capital, the most serious riot occurred last January, about the time the alleged Jewish pogrom, in the trouble growing out of the harbor strike, which later led to nationalization of the port, 80 persons were killed and 500 wounded on the streets.

Steady growth of "bolshevism" was reported, and following word that a bolshevik army was invading Argentina after a battle with frontier police at Port Natalis, Chile, 1,400 reds were rounded up

## NO ATTENDANCE POSTPONE MEET

Soldiers, Sailors and Marines Will  
Decide Upon Organization Next  
Tuesday Night.

ALL ARE URGED TO TURN OUT

Temporary Chairman Leroy Philbrook Ready With Report on  
Washington Answer.

What was to have been the organization meeting of soldiers, sailors and marines, called at Memorial hall in the court house last evening, was postponed until next Tuesday night due to the small attendance.

Reason for the small number in attendance last night is not known.

A first gathering held several weeks ago proved quite the reverse, being attended by about one hundred enthusiastic men, all in favor of organization. Definite action was not taken at that meeting in order that Leroy Philbrook, named as temporary chairman, might communicate with officials at Washington regarding affiliation with the national order of Veterans of Foreign Wars.

Chairman to Report.

Last evening Chairman Philbrook was to have made his report, following which definite action was to have been taken by those in attendance. Officers of the new organization were also to have been named.

Every effort will be made to bring out a record attendance for Tuesday night's meeting.
